

Advanced Dermatology Care: Cosmetic Testimonials

"Your staff at ADC put me at ease the minute I stepped into the office for my face/neck lift. Chris and Cindy had my comfort first as they professionally started to prep me for the procedure before Dr. OJ entered the room; with Shanna and Layla helping to keep things moving at a quick pace, each knowing just what to do. Dr. OJ is a skilled surgeon and his staff is the best. I had a lot of questions and they took time to answer every one. There were no surprises for me on my big day or on the days that followed. Again, Great Job."

Mary, St Paul

"My Face Lift was very professionally done, painless and a quick recovery. I am thrilled with the results. There are no tell tale signs. At age 67 I was going to an Open House in Sun City West in AZ and an agent told me I couldn't buy there since it was a 55+ community. What a compliment."

Marlene D., Long Lake, MN

"I had several Skin Rejuvenation and Skin Tightening treatments at Advanced Esthetics. There has been significant improvement in both texture and getting rid of the redness and age spots on my face. The treatments also made my skin tighter and less loose, especially under my eyes. Dr. Ruth Rustad is very knowledgeable and made me feel comfortable with my visits. I would highly recommend the care and services here to others."

Mary A., St. Paul

"Melissa is amazing, she did an awesome job on my Juvaderm, the best I've ever had!"

Jonnel R., White Bear Lake

"I was first referred to ADC by my kids' doctor for their warts. The staff was great with my kids. Throughout the appointments I learned of the wide variety of services they offer. I have been having cosmetic treatments for over a year and have been 100% happy.

Advanced Dermatology Care is the premiere dermatology clinic in this whole area. Advanced Esthetics has the best services and treatments available, using up to date technology and equipment. Dr. Ruth Rustad is very knowledgeable, precise, and professional as well as being very kind and accessible. The treatments that I've had worked great, and my skin is healthier, younger, and looks great! I can't wait to get more of the Body Shaping treatments!"

Susan W., Stillwater, MN

"Thank you for noticing the spot on my leg that turned out to be malignant melanoma. I came in to have my veins treated, and ended up with you catching my cancer in the very early stages. While I've been telling my friends that "vanity can save your life", it's really your observant eye and training that saved my life. Thank you for making the dream of seeing my children grow up and holding my grandchildren more likely to happen."

Beverly B., Stillwater

"I had liposuction on my love handles and stomach. Wish I would have done it sooner!! The surgery team of Dr. Rustad, Chris, Cindy and Franci was awesome; they made me feel comfortable from the start. When I returned for the post op, the surgery team was there and they were amazed at how good I looked already. Dr. Rustad said that it is going to get even better. Recuperation has been fairly easy and I took a week off of work. However, I feel that I could have gone back after 2 1/2 days. I for sure would do it again!"

Kim G., Somerset, WI

"[My procedure] was more fun than going to a salon. The staff was a pleasure, very calming. Thank you."

Jill G., Minneapolis

"I am very pleased with the whole Fraxel Process."

Cathy P., St. Paul

"I was nervous but the staff was friendly and efficient. The doctor and her assistant were respectful, informative and made me feel comfortable. Thank You!!"

Kathleen H., Vadnais Heights

"I must admit I was a little anxious when I started my [Skin Rejuvenation] treatment-will it hurt-how will I look right after treatment-will I want to continue? My nurse was so professional and eager to answer all questions. There was very little discomfort, no downtime and dramatic results! Thank You! I will absolutely recommend this to everyone without hesitation."

Janet F., Hudson, WI

Lisa is always awesome, very knowledgeable about the procedures and all of the products. I recommend her to everyone.

Rachel F., St. Paul

Advanced Dermatology Care: Cosmetic Testimonials

"When I returned to work, one of my co-workers asked what I had changed about myself. She said I looked a little different-fresher, healthier-but she could not pinpoint what it was. I am very happy with my results from the SR treatment and would definitely recommend it to others."

Mary W., *Costa Mesa, AZ*

"Everyone was helpful and friendly and the skin treatment greatly reduced the redness caused by my rosacea. I would certainly recommend this kind of skin rejuvenation treatment to others."

Lynn M., *White Bear Lake*

"I love Melissa! My favorite procedure by Melissa is lip enhancement-she is a genius. She takes her time and won't settle for anything but perfection. Melissa is a lip artisan!"

Lori R., *Ham Lake*

"I've fallen in love with the laser Skin Rejuvenation treatments, and Botox, of course! I never thought I'd be a Botox kind of girl but once you've tried a little on the forehead you're hooked.. in a good way. The laser treatments are like a luxury spa treatment. The pampering and the great feeling afterwards, not to mention the fabulous results, are totally worth the price."

Corinne B., *Vadnais Heights*
