

Advanced Dermatology Care **Celebrates Earth Day Every Day** by...

ADC's Pervious Pavers in our parking lot filters ground water, preventing ground water contamination, and purifying the Earth's aquiphor of stored water.

ADC uses Programmable outdoor lights and low energy light bulbs, interior motion activated lights, and these lights are off when not in use.

For years, ADC has been recycling aluminum cans/utensils, bottles, glass, all non-private paper.

ADC uses Low Water Usage toilets

Programmable thermostat for Zoned heating and cooling are used in the building.

ADC's perennial and naturally zoned landscaping and gardening requires minimal fossil fuel energy to maintain, avoiding regular lawn mowing.
